### ***EXECUTIVE DIRECTOR'S REPORT***

Mr. Forlenza reviewed the Executive Director's Report found in the agenda packet with the membership. He then highlighted the following items from his report:

Mr. Forlenza noted as it is common this time of year for the Certificates of Insurance report to be delayed as the end of the year is a popular time to renew Certificates of Insurance. There are two months' worth of reports included in the agenda as last month's report was not ready for distribution. Mr. Forlenza asked the members to please review for accuracy and be sure they were issued to the correct organizations with the correct limits and types of coverage.

Mr. Forlenza asked for members to review their OSB, Wellness, and EPL/Cyber Risk Management Budget balances. He noted in regards to the 2020 Safety Award Money, a letter from his office will be emailed out to all members in the next few weeks.

Mr. Forlenza referenced the Statutory Bond Status report and asked members to please review the report for accuracy. He noted that December 31<sup>st</sup> is a popular time for employees to retire. He reminded the members that the bond is for the individual, not the position, and if you would like to check the status of an application, please contact Ed Cooney, Fund Underwriter.

Mr. Forlenza noted the 2022-2023 MEL EPL Risk Management Plan had been revised and in early July the Model Employment Practice Policies and Employee Handbook were placed on the NJ MEL's website (NJMEL.org). Adopting the revised policies and handbook are one of steps required by all members to become/remain in compliance with the MEL EPL Risk Management Plan. He stated the June 1, 2021 deadline will likely be extended to November 1, 2021, however, please do not wait until the last minute to complete your trainings and other requirements. Use the extra allotted time wisely.

In regards to the Police Command Staff Training, a hybrid training process is being planned. Chief Hummel will be hosting the training in person with the Police Chiefs, and then doing a virtual session for the remaining Command Staff. We are looking to start up these training in late Spring/early Summer and additional information will be forthcoming.

Mr. Forlenza reminded that members that the in person Managerial & Supervisory Trainings have been cancelled due to the COVID-19 pandemic and the required social distancing guidelines. These sessions will now be held via Webinar. The trainings will be presented by Armando Riccio and include AM and PM sessions with a limit of 100 participants per session. He noted numerous dates have been established for April and May and a notification of the dates was emailed to all members earlier today.

In regards to Non-Supervisory EPL Employee Training, Mr. Forlenza stated on November 23, 2020, a memorandum was sent to all members notifying them of the availability of non-supervisory employee training through the MEL Safety Institute (MSI). A required element of compliance with the MEL's 2022-2023 Employment Practices Liability (EPL) Risk Management Plan, all members are required to notify their non-supervisory employees of the availability of this training, though not required to take it. The training module is entitled *Building a Safe Workplace: Anti-Harassment and Discrimination* and is approximately 20 minutes in length. The memorandum provided specific directions on how to access the training module in the MSI. All members should document the notification of the availability of this training to their employees and the notification should go out as soon as possible. Again, the deadline to comply with all aspects of the EPL Risk Management Plan has been extended to November 1, 2021

Mr. Forlenza noted, again, this year, the Fund will be sponsoring Elected Officials training and it will be conducted online. The MEL will reduce each member's 2021 MEL Assessment by \$250 for each municipal elected official who completes one of the online training sessions. This credit will also be

extended to the member's CEO (i.e. Municipal Manager or Administrator) again this year. The total credit is limited to 5% of a member's 2021 MEL Assessment. On November 23, 2020 a memorandum including detailed directions on how to access this training through the MSI was emailed to Municipal Clerks, Fund Commissioners, and Risk Management Consultants. Mr. Forlenza noted that since the release of the training in November, only 33 Elected Officials have taken the trainings. He emphasized not to lose that \$250 credit per attendee and reiterated the May 1, 2021 deadline.

In regards to Payroll Audits, Mr. Forlenza stated on or about February 4, 2021 a letter was e-mailed to all Municipal Clerks, with a copy to Fund Commissioners, advising that Bowman & Company will be performing workers' compensation exposure verification audits of members' 2020 payrolls. These payroll figures will serve as the basis for your 2022 workers compensation excess premiums. Attached to the e-mail was a spreadsheet that included employee counts by payroll classification as reported during last year's payroll audit and members were asked to review and update this spreadsheet upon receipt. Members are asked to send the required payroll data to the auditors for processing either via mail or electronically no later than **March 11, 2021**. Details on how the data can be sent were included in the February 11, 2021 correspondence. Once the information is processed, the auditor will contact each town to discuss the results of the audit and clarify any questions. Members who still have questions following the audit can contact a representative from Bowman to set up a mutually convenient date and time to meet and discuss the audit results.

Mr. Forlenza noted that on or about February 14, 2021, each member and their RMC's received a notification from his office asking that they review and update their property schedule located in the Origami Exposure Data Management System. Once a member responds, those that are going to receive a physical appraisal this year will be contacted by the Fund Property Appraiser, ASSETWORKS. Those that are not receiving a physical inspection in 2021 will have their building & contents values trended accordingly. All members are asked to complete the review and update process no later than **March 23, 2021**.

Mr. Forlenza stated that on or about February 4, 2021, an email with an attached memorandum regarding reimbursement for the Police Accreditation Program Fees was sent to all Fund Commissioners and RMC's. It was requested that if the town or city had an operating Police Department, to please forward to the Police Chief. If you have any questions regarding the Reimbursement, please contact Denise Plavchak in his office.

Mr. Forlenza asked if there were any other questions. No questions were entertained.

## **SOLICITOR'S REPORT**

### *Assignment of New Cases*

Mr. DeWeese reported that there were five (5) new case(s) assigned since last month's meeting:

*Drummonds v. Township of Deptford*  
*Vidovic v. Township of Franklin*  
*Oslin v. City of Vineland*  
*Clerici v. Township of West Deptford*  
*DeMeo v. Borough of Westville*

### *Closed Cases*

Mr. DeWeese noted that there were four (4) cases closed since the last meeting; three(3) with no payments:

*Starzi v. Township of Deptford*  
*Gaveglia v. Borough of Glassboro*  
*Gangemi v. TRICOJIF*  
*McBride v Township of Washington*

### ***General Liability Files***

Mr. DeWeese noted that there are 38 active General Liability files and if a member would like a synopsis of their town's cases sent to them, please contact him.

In regards to Police Civil Rights cases, he noted the TRICO JIF currently has 22 active Police Civil Rights cases out of the 38 General Liability cases; (0) is in Pre-suit; (0) currently in mediation; and eight (8) have a Summary Judgment Motion pending.

### ***Subrogation Files***

Mr. DeWeese stated that there are collection efforts being made on \$1,835,742.73 of potential recoveries on 63 files.

***MEL EPL Helpline & Authorized Contact List*** – Mr. DeWeese reminded the members to please review the attached list of authorized contacts for the *MEL Employment Practices Helpline* and that members can appoint up to **two (2)** municipal representatives who will be permitted to contact the *Helpline* attorneys with their inquiries. The appointment of the municipal representatives must be made by Resolution of the Governing Body. These authorized contacts are the only individuals permitted to access this service, so please review the list and be sure who you would like appointed as the contacts is actually appointed.

Lastly, Mr. DeWeese noted on February 4, 2021, the State of New Jersey Department of Labor & Workforce Development put out a memorandum regarding Accidental Disability Pensions & Medical Monitoring. Mr. DeWeese explained that the memorandum supersedes previous memorandums issued by the Department regarding Accidental Disability Pension offsets for medical monitoring. He explained that for many years, Workers Compensation insurers have been able to settle workers compensation claims for employees who suffered a significant injury, were unable to return to work, and filed for and received a disability pension for medical monitoring. This practice relieved the insurer from having to pay a permanent partial disability claim petition because the claimant would be receiving a pension from the State. In these cases, the claim petition would be settled for ongoing medical monitoring of the claimant's injuries. With this new directive from the Department, insurers will now have to settle the claim petition regardless of the claimant being approved for a pension. This new directive will likely result in increased costs to the JIF as they will now have to settle the claim petition, will still be responsible for medical monitoring, and subject to claim reopeners.

Mr. DeWeese noted that one of the JIF's Workers Compensation Respondent attorneys has pointed out the memo does not address a very common situation where the petitioner applies for an accidental disability pension but is ultimately granted an ordinary disability retirement pension. He noted in this scenario, the respondent (insurer) has the right to an offset which was decided in an appellate division case. In addition, the memo does not address the practicality of adjourning cases until a determination has been made as to which type of pension the injured employee is going to receive. In cases where there

is a question as to the type of pension to be granted, the JIF's Workers Compensation attorneys may be seeking adjournments of pending cases waiting on that determination. Not only will this slow things down, but this will be costly to the insurer in additional Temporary Total Disability benefits and noted that the Fund Actuary has already started evaluating the potential monetary impact this change might have on the JIF and NJ MEL. As more information becomes available, he will update the members.

Mr. DeWeese asked if there were any questions at this time. No questions were entertained.

### **SAFETY DIRECTOR'S REPORT**

Mr. Garish stated that the Safety Director's Report is included in the agenda and is self-explanatory. He then highlighted *the* following:

Mr. Garish noted his report included a list of the Safety Director Bulletins and Safety Announcements issued during the month.

Mr. Garish noted the MSI in-classroom training continues to be suspended due to the requirements for social distancing, but you may want to take advantage of one of the upcoming webinars currently being offered, or try the video streaming service through MSI as training requirements must still be met while dealing with the pandemic. The Applicable CEUs and TCH credits are available for those who attend the webinars. Group registrations are available for those with limited internet capabilities.

Mr. Garish asked to please make the appropriate personnel review the Law Enforcement Bulletins as they are distributed.

In regards to the Police One Training, 24 of our 26 Law Enforcement Agencies have registered, with 18 members actively participating having taking 2,119 courses.

If anyone is interested in the details you may email him and he will provide that information.

Mr. Garish asked if there were any questions. No questions were entertained.

### **CLAIMS ADMINISTRATOR'S REPORT**

#### ***Lessons Learned from Losses***

Mr. Roselli presented the *Lessons Learned from Losses* for February which reviewed *Everybody's Job: Safety*. He then highlighted the following in order to keep claims at a minimum:

- Not all employees are aware of the possible consequences of their actions or inactions.
- They need to be made aware of some of the worst case scenarios that can occur as they are out there working on a daily basis
- In the case outlined, the process should not have ended after the camera work is complete. Looking for items such as cracked frames, missing bolts or damaged streets and sidewalks next to the manhole is just as important as looking for pipe damage and clogs and roots.
- The job should not be done until the area being worked on is better than it was before, or the process to make it better and safer has begun.
- Safety briefings and toolbox talks can help to raise awareness for employees.

Mr. Roselli then discussed an example of how a costly claim could have been prevented if everyone involved had taken the initiative to be a part of the safety culture.

Mr. Roselli asked if there were any questions at this time. No questions were entertained.

### ***WELLNESS DIRECTOR'S REPORT***

Ms. Schiffer stated with 2020 now behind us and all encumbered funds now claimed, she is ready to begin planning for the New Year ahead with a new balance of wellness money and has already started to meet with some members.

She stated the purpose of these funds is to offer employees opportunities to engage in wellness initiatives that promote self-care and overall well-being. To get the most from the program and to best utilize allocated funds, we need to work on offering activities and incentives that span throughout the year.

- This will promote the message that their health is important every day.
- It will prevent spending on things that do not necessarily convey the message of wellness to the employees.
- It can help eliminate the last minute hustle to encumber and spend the money all at once diminishing the value of the program as a yearlong opportunity to encourage our employees to put their health and wellness first.

This month, she will send all Wellness Coordinators an email invitation to set up a phone or zoom meeting to start planning for the year.

Ms. Schiffer stated other ways you can continue to incorporate wellness throughout the year is to highlight the connection of safety and wellness by including wellness on the Safety Committee Agenda and encourage department heads to bring ideas on how to best utilize funds for the specific needs of their team.

She noted towns are already starting to plan for some events. Some ideas to consider:

- Bingo challenges
- Step/walking challenges
- Water challenges
- Fitness challenges that can be sports related
- Chair massages
- Demonstrations/Presentations topics: cooking, exercise, nutrition, reading labels, smoothies, mindfulness practice, sleep, yoga, breaking habits, gut health, mental awareness

In regard to Ms. Schiffer's Mindful Workshop, she reported this consisted of an initial zoom call to review mindfulness and allow participants to experience a short practice together. Participants were offered a 10-day Mindfulness Experience sent via email every morning with a different mindfulness practice to consider. A total of 17 people signed up including both the TRICO and BURLCO JIFs.

Ms. Schiffer stated she has received many responses to her survey asking employees a few questions pertaining to their nutritional practice. Incorporating some of their responses, she is now working on formulating a program that will provide guidance on transitioning to a plant-powered lifestyle. Her

initial presentation will be to explain the program and ask those interested to sign up for Phase II which will answer the question of how to transition. This will be a virtual event this first round.

Lastly, Ms. Schiffer noted the February Targeting Wellness Newsletter is all about self-compassion and includes discussion on:

- Defining self-sabotage and why we do it
- Overcoming procrastination
- Overcoming perfectionism
- Being mindful by living in awareness
- Nutritional Bites: Cholesterol & Heart Disease in honor of Heart Month
- Recipe Corner: 1-pot pumpkin black bean soup

Also included was a Daily Mantra Calendar and a Fitness Bingo Challenge.

Ms. Schiffer asked if there were any questions at this time. No questions were entertained.

**MANAGED HEALTH CARE REPORT**

Ms. Beatty asked if there were any questions. No questions were entertained.

***TECHNOLOGY RISK SERVICES REPORT***

Mr. Romero noted there are still six (6) members with employees who still have not completed last year's basic Cyber Security course, and he will be following up with those members; however, they are all very close at or above 88% complete; and nine (9) members have still not completed the latest Cyber Hygiene training course entitled *Best Practices for Work and Home*. He will be pushing these members for completion.

Mr. Romero noted in regards to the phishing emails for the month of January there were 1,251 phishing emails issued with 56 clicked, or 4.5%, which is a little high. Mr. Romero noted; however, there are some firewalls that are blocking the phishing email exercises, and asked the members to please ask your IT service provider to whitelist the IP address that Pivot Point uses to launch their simulated phishing emails. He also noted he has sent reports to the Fund Commissioners so they can see which employees are clicking on the phishing emails.

In regards to the MEL Cyber Risk Management Compliance, 30 of our 38 members are certified in Tier 1, and 24 of the 38 are completely certified. He noted a revised program will be rolled out for 2021 and

will include a third Tier. He will be working on webinars, a worksheet and a new assessment process which will include new findings, recommendations and guidance as he explained some controls have moved between Tiers and some have become more stringent. More information will be forthcoming.

Mr. Romero noted that Pivot Point Security was unable to continue with their Vulnerability Scanning of member firewalls and gateways this month due to the failure of a server. He noted that the issue has been corrected; however, there is no vulnerability scanning report this month.

Mr. Romero expressed it was his hope to be able to start up personal visits with the municipalities in January, but due to social distancing guidelines, he is looking forward to starting that up again as soon as he is able.

Lastly, Mr. Romero noted to be careful of emails indicating they are from the IRS, or related to taxes as cyber criminals are trying to get you to believing they are sending you legitimate tax documents, or insist you owe the IRS money. There are quite a few phishing emails going around, especially this time of year. If you are unsure of an email, contact him and he will assist you with any questions or concerns.

Mr. Romero asked if there were any questions. No questions were entertained.

### ***TREASURER'S REPORT***

Mr. Tontarski presented an overview of the Treasurer's Report for January, and a copy of which was provided to the membership in the agenda packet. Mr. Tontarski's reports are valued as of January 31, 2021 for Closed Fund Years 1991 to 2016, and Fund Years 2017, 2018, 2019, 2020 and 2021.

### ***Investment Interest***

Interest received or accrued for the reporting period totaled \$23,111.95. This generated an average annual yield of .83%. However, after including an unrealized net loss of \$13,068.58 in the asset portfolio, the yield is adjusted to .36% for this period. The total overview of the asset portfolio for the fund shows an overall unrealized gain of \$187,462.99 as it relates to current market value of \$12,189,549.40 vs. the amount we have invested. The current market value, including accrued income is valued at \$12,260,519.50.

The Fund's asset portfolio with Wilmington Trust consists of three (3) obligations with a maturity greater than one year, five (5) obligations with maturities less than one year.
