INTRODUCTION

The 2022 Safety Incentive Program provides members of the GLOUCESTER, SALEM, CUMBERLAND COUNTIES MUNICIPAL JOINT INSURANCE FUND with a blueprint for success with their safety programs. Best practices and suggestions are provided through your consultant and within this document. As we continue to "*Change the Way We Think about Safety*," we acknowledge that health and wellness initiatives play a role in safe work practices, employee morale, and claims management.

To change behaviors and promote workplace Safety and Wellness, we need to have both a "Top Down" and "Grassroots-Led" program. We remind all members that the key to an effective safety program starts with management and the Safety Committee. Our program is based on the six essential elements required to have an effective program: Management Commitment, Controlling Hazards, Continuing Education, Communication, Coaching, and Claims Management.

Our goal is to help every member succeed with their safety program and qualify for Safety Incentive Awards. We encourage members to make full use of all the JIF and MEL services, including instructor-led and online training through the MEL Safety Institute, Safety Bulletins, Toolbox Topics, Regional Training Topics, and Law Enforcement Resources, to name a few. Please reach out to your Safety Consultants if you have any questions:

HOW THE PROGRAM WORKS

- The program will consist of both a **Base** and **Enhanced Program**. Additional safety monies will be available in the **Optional Safety Incentive Program** criteria. The Base Program must be completed to participate in the Enhanced and Optional Program.
- JIF Safety Consultants are required to review program records. Safety Coordinators are encouraged to maintain these program records in a centrally located file. The file should contain the members' Safety Committee Minutes, Hazard Inspections, Training Records, Job Safety Observations, and any other documentation that would assist with an objective evaluation of the member's program efforts. Maintenance of this file will assist in making sure that the member receives full credit for their efforts.
- Members will complete the "Self-Assessment" form by November 30, 2022. The Safety Director's Office will utilize the Self-Assessment form to review the member's activities and participation in the Safety Incentive Program. (See page 12)
- Members will qualify or not qualify (Pass or Fail) for both the Base and Enhanced Safety Incentive Awards. The program runs on a calendar year basis
- Wellness suggestions have been incorporated into the program.
